WHAT TO EXPECT DURING YOUR INITIAL MEETING

You will be meeting with a counselor for 15-20 minutes. We will ask you questions about your current situation and safety. Please understand that today’s brief meeting is not a therapy session. The purpose is for us to understand your needs, so that we can refer you to appropriate resources such as groups and/or workshops, brief therapy here, or referral to an outside counseling agency. Because of the brief nature of today’s meeting, the counselor will focus on your most urgent concerns.

Student Counseling Services (SCS) is committed to offering students the best possible service and will discuss those options that we believe will best meet your needs. Thank you!

WORKSHOPS
If you are interested in learning specific coping skills, one of our skills-focused workshops may best meet your needs. Our workshops meet weekly for 3-5 weeks and focus on helping students address anxiety or difficulties managing emotions. All of our workshops focus on helping students develop healthier, more effective coping skills.

INDIVIDUAL COUNSELING
We offer brief counseling focused on specific goals. Most brief therapy concerns can be addressed in 4 - 8 sessions and are typically scheduled every other week. Some of the concerns that are commonly addressed in brief counseling at SCS are:

- Coping effectively with immediate life stresses
- Mild to moderate anxiety and depression
- Interpersonal concerns (friends, family, roommates, romantic partnerships)
- Self-esteem concerns
- Concerns related to the transition to college
- Identity development related to various dimensions of identity (sexual, racial, ethnic, religious, gender)
- Career counseling
- Eating disorder assessment
- Recent trauma

COMMUNITY REFERRAL RESOURCES
In some circumstances, a student’s needs may best be served by a referral to community resources. SCS provides referral options for community providers with expertise to address your specific concerns. We can help with the process and provide you with guidance on how to navigate insurance and transportation. Sometimes the benefits of referral become more apparent during the course of services. Some of the reasons a referral to services outside of SCS would be the best resource for a student include:

- Need for specialized or more intensive care
- The student is graduating or otherwise leaving the area soon
- A student would benefit from more frequent, longer-term and/or more flexible appointments
- A student may get an appointment in the community more quickly
**Understanding Self and Other Groups:** General process-oriented groups for students dealing with a variety of concerns (depression, anxiety, stress, relationship struggles, etc). Members explore patterns of how they relate to themselves and others to help change current behaviors and develop greater insight and acceptance. **Current times:** Mondays 10-11:30 pm (Anxiety Themed) & 1:10-2:30, Tuesdays 1:10-2:30 & 3:10-4:30 pm, Wednesdays 1:10-2:30 pm, Thursdays 3:10-4:30 pm

**ACT Group:** The Acceptance and Commitment Therapy (ACT) Group is for students who want to encounter depression and anxiety differently as well as pursue a full and meaningful life. ACT helps people relate differently to their anxious feelings, depressed moods, worrying mind, self-defeating behaviors and/or anything causing problems. Members explore patterns how they related to themselves and others to help change current behaviors and develop greater insight and acceptance. **Current time:** Thursdays 3:10-4:30 pm

**BIPOC Group:** This group is for Black, Indigenous, and People of Color (BIPOC) to openly engage in dialogues related to what it means to be BIPOC on a predominantly white campus. The group will be a mixture of both support as well as process and will additionally address general mental health concerns (relationships, depression, anxiety, etc.). **Current time:** Thursdays 1:10-2:30 pm

**DBT Skills Group:** Semester-long skills based group made up of 4 modules-Core Mindfulness, Distress Tolerance, Emotion Regulation and Interpersonal Effectiveness. DBT skills are designed to help students who wish to improve their ability to regulate emotions, tolerate distress and negative emotion, be mindful and present in the given moment and communicate and interact effectively with others. **Current time:** Mondays 3:10-4:30 pm

**Grief and Loss Group:** For students who have experienced a significant loss in their life, such as the death of a family member, close friend, or significant other. This group invites students to connect and receive support from others who have experienced the pain of a loss. This group offers a chance for students to engage in the healing process, understand their unique way of grieving, and find meaning moving forward in life. **Current time:** Wednesdays 3:10-4:30 pm

**Mood, Food & You Group:** Combination of support, skill, experiential activities and process for any person with body image, disordered eating, or eating disorder concerns. During the group orientation, you will be asked to sign releases of information to any members of your treatment team (individual therapist/RD/Dr) **Current time:** Wednesdays 11 am-12:30 pm

**Mindfulness for Depression:** It is a guided self-discovery process aiming to identify negative thoughts and emotions that get in the way of being present and appreciate the things happening in the moment. Students will **not** learn about mindfulness, **they will practice.** **Current time:** Thursdays 1:10-2:30 pm

**Substance Use & You:** Three week workshop where we will explore and understand substance use and its impact on your life. We will learn about self-assessment tools, recovery skills, community resources, and strategies for success regarding your relationship with alcohol and other substances. **Current time:** Tuesdays 1:10-2:30 pm

**Create Your Own Calm:** Three-week, skill-based workshop focused on developing strategies for addressing anxiety, excessive worry, and feeling overwhelmed. **Current time:** Mondays 1:10-2:30 pm
